teen intervene

REGISTRATION FORM

Teen Intervene is a substance use intervention for youth ages 12-19 who display evidence of minor to moderate substance experimentation or use. This program is also appropriate for alcohol, tobacco, or drug policy violators or offenders, as well as those youth with personal or parental concerns. Youth will meet twice with a facilitator one-on-one to discuss reasons for use and to form a plan to reduce or discontinue use. Cost is \$10 per session (\$20 total - scholarships are available). Sessions can be performed in school, as permitted by school administration.

Alcohol: True Stories is an alcohol awareness program designed for anyone in 5th grade or above (users and non-users, students, parents, and others). This program is a discussion-based group centered around videos facilitated by Matt Damon of underage drinking true stories. Families are encouraged to attend together. This program is held one evening each month on a set schedule and at a set location, but can also be scheduled at other times and locations upon request and approval. Cost is \$5 per family (scholarships are available).
