

## ***We make house calls, so you don't have to.***

### **PA Free Quitline 1-800-QUIT-NOW**

- ✚ The PA Free Quitline offers evidence-based, individualized counseling to your patients.
- ✚ The Quitline is for people identified through a brief assessment who are ready for a quit attempt.
- ✚ Quit Coaches provide an assessment, assistance in developing a quit plan, helpful informational materials and follow-up calls.

### **What is Fax To Quit?**

- ✚ Fax To Quit is a way to link you patient directly to services to help your patient quit the use of tobacco products.
- ✚ A fax referral results in a call to your patients within 48 hours.
- ✚ The Quitline faxes a report to you when contact is made with your patient.
- ✚ You patient receives up to FIVE conveniently scheduled calls from the Quitline and unlimited patient initiated calls.

### **What do you need to do?**

- ✚ Do a brief assessment with the patient to determine readiness for a quit attempt.
- ✚ Talk to the patient about cessation medications and therapies such as a nicotine patch. In some cases, the Quitline will be able to provide nicotine replacement medications.
- ✚ Complete a fax referral form and fax it to the Quitline. Referral forms and all promotional pieces can be found on HCP's website: [www.hcpfranklinpa.org](http://www.hcpfranklinpa.org).
- ✚ Follow-up with the patient at their next visit.
