

The Kids Power Of Produce (POP) Club is a nationally-recognized kids program started at the Oregon City Farmers Market in May 2011, introducing kids to where their food comes from, and empowering kids to make healthy food choices.

Healthy Communities Partnership is now bringing this program to the North Square Farmers Market in downtown Chambersburg, PA!

### How it Works: Kids, ages 4-12...

- 🍅 Receive a 'Passport to Health,' which is kept at the market and stamped every time they visit.
- 🍅 Receive a Kids POP Club reusable shopping bag.
- 🍅 Receive a Kids POP Club Button.
- 🍅 Receive \$2 in tokens every time they come to market, to spend on fresh fruits, veggies, and food plants.
- 🍅 Participate in value-creating activities based around food, nutrition, and food growing.

**Help us raise the next generation of market shoppers and good food eaters!**

Funded in part by the Summit Endowment, the Franklin County Foundation, and your generous donations. Sponsorships are available for the 2015 season. Please take a Kids POP Club Bookmark or contact the Program Coordinator for further details through the Market's website, HCP's website, or call HCP: (717) 264-1470.
